

# RAPID CYCLE DESIGN THINKING CHALLENGE PROTOTYPING SUPPLY LIST

Conducting your first rapid cycle design thinking challenge? HFLI suggests that you gather the following to create a basic set of prototyping supplies for a group of 6 people. Once assembled, a kit can be placed in a small bin or gift/paper bag on each group's table:

- Sticky notes - 2 pads
- Pipe cleaners - handful
- Masking tape - 1 roll
- Paper clips - small handful
- Scissors - 2 pairs
- Thick Sharpies - 6-8 in a variety of colors
- Popsicle sticks - small handful
- Colored construction paper - 12-15 in a variety of colors
- Skein of yarn - 1 small roll, any color
- Fun stickers, colored dots - a few pages
- Rubber bands - small handful
- Glue sticks - 2
